

Discover the best smart locking solutions for

Luggage lockers.

- Easy operation via app or touch display
- Online & on premise cashless payment
- Integration in existing website & booking system

The future of luggage lockers is here.

Tourists can explore the beautiful Island of Mykonos, after a quick and convenient luggage drop off at the Keynius smart luggage lockers, which are conveniently located at Mykonos Old Port. Travelers can book online or directly at the facility using the self-service terminal. Payments can be done online or on premise with a debit/credit card. Keynius partnered with locker builder Tenco, who produced and installed these beautiful blue lockers, that resemble the Mediterranean sea color.
