

Discover the fast and easy service of

Keynius Payment.

- Connects a worldwide network of payment services
- One stop shop: Keynius smart locking and payment
- Payment via online banking or cashless terminals

The fastest and easiest way to arrange locker payments

Benefit from **attractive pricing** and **one stop shopping**.

Using lockers as a paid service for cloakroom or other use, requires a smooth transaction process. Keynius Payment has been founded to support Keynius clients with a one stop shop solution. A worldwide payment service and clear tariffs make sure that you are in business in no time. Keynius Payment also offer you the choice for pay outs per day, week or month. You will be onboarded on our Keynius Payment platform for transmitting the required information. Payments can be easily done via online banking. An optional payment terminal can serve as an extra service for people without online banking.
